

A collection of Fulbat batteries is shown. In the foreground, four batteries are prominently displayed: a VTX10S (10Ah, 12V) on the left, a VTX12-BS (12Ah, 12V) in the center, a VTX14S (14Ah, 12V) on the right, and a VTX17-BS (17Ah, 12V) on the far right. Behind them, several more batteries are visible, including a VTX16-BS (16Ah, 12V) and another VTX14S. The background consists of numerous Fulbat battery boxes, some of which are labeled with 'YTZ10S', 'YTZ14S', and 'YTZ16S'. The batteries are black with red and silver terminals, and the Fulbat logo is clearly visible on each unit.
